

Keep On

When you don't know what to do, keep on climbing toward the light.

When you feel like giving up, keep on fighting the good fight.

When you want to quit the race, keep on running toward my grace.

When you've faced all you can face, keep on. (to refrain)

When you feel you're alone, keep on knowing I am there.

When you're suffering through a storm, keep on trusting in my care.

When the music starts to fade, when it's all a masquerade, even though you are afraid, keep on. (to refrain)

When life is tough, keep on.

Like the flame that never dies, lift my light to empty eyes.

Keep on trusting, keep on trying, keep on. (to refrain)

(refrain) Keep on, my child, keep on. (2X)

You can make it by my grace, keep your eyes upon my face.

With my strength, you'll win the race, keep on.
